STAFF REPORT MOTT PLAT AMENDMENT P-2022-01A

TO: Douglas County Hearing Examiner
FROM: Douglas County Land Services Staff
RE: Mott Plat Amendment (P-2022-01A)
DATE: August 21, 2025

GENERAL INFORMATION

Requested Action: An application for a plat amendment to the Mott Subdivision (P-2022-01). The original Mott subdivision received preliminary approval for a 19 lot major subdivision in August of 2022. The original Mott subdivision included a dedicated tract for open space/ recreation. The purpose of this plat amendment is to remove the open space tract and increase the number of proposed lots to 21. The applicant has elected to submit payment in lieu of providing open space in accordance with DCC 18A.73.090.

Location: The subject property is located at 2599 NW Columbia Ave, East Wenatchee, WA 98802. The property is further described as being located within Section 34, Township 23N, Range 20E, W.M. Douglas County Assessor's Parcel Number: 40800001601.

SITE INFORMATION

Total Project Size:	6.25
No. of lots	21
Domestic Water:	East Wenatchee Water District
Sewage Disposal:	Douglas County Sewer District
Power/Electricity:	Douglas County PUD
Fire Protection:	Wenatchee Valley Fire Department
Telephone Service:	Varied

Site Characteristics: The subject property includes one existing single family dwelling. The topography is varied throughout the site.

Uses adjacent to the subject properties:

North: Single family dwellings

South: Single family dwellings

East: Single family dwellings

West: Single family dwellings

Access: The subdivision will be accessed via NW Columbia Avenue. The proposal includes an internal road system. All roadway improvements will be the responsibility of

the developer, and compliant with the East Wenatchee Road Standards and Specifications.

Zoning and Development Standards: The subject property is located within the Residential Low Density (R-L) Zoning District under Douglas County Code 18A.24, which allows for the subdivision of land.

Major Subdivisions:

The requirements of Title 17, "Subdivisions" Douglas County Code, apply to the design and review requirements for approval of major subdivisions of 10 or more lots, parcels or tracts.

COMPREHENSIVE PLAN:

The Greater East Wenatchee Area Comprehensive Plan designates this property as Low Residential. The Low Residential designation is intended to permit a range of housing options and densities to provide areas desirable for single-family residential use. The primary and preferred land use is residential. The use of innovative housing techniques such as attached single family, zero-lot line housing, averaging lots sizes, and other alternates should be encouraged infilling and variety of housing types and densities. In order for these techniques to be used in a manner that protects the integrity of the surrounding properties, there must be mechanisms to ensure neighborhood compatibility and good design quality.

The following goals and policies set forth in the comprehensive plan are relevant to this development:

URBAN GROWTH

POLICY UG-12: The City and County encourage the use of innovative, high quality infill development and redevelopment strategies such as planned developments, zero-lot line, lot-size averaging, shadow platting, small lot subdivisions, and mixed uses in existing developed areas within the urban growth areas.

LAND USE – RESIDENTIAL:

The quality and integrity of residential neighborhoods defines the character of the community. Ensuring that these neighborhoods remain stable and vital is of primary importance to meet the goals of the Growth Management Act, the Land Use Plan, and the Housing Plan.

POLICY: Urban governmental services and infrastructure must be available at the time of development or there must be a plan in place, with funding, to ensure that a full range of urban governmental services is available to serve the development within the planning period.

HOUSING

GOAL: To provide for a sufficient number of safe, attractive and affordable residences for people of all income levels.

GOAL: To provide for a variety of housing types and densities to ensure a range of affordable housing options for all segments of the community.

GOAL: To ensure that public facilities and infrastructure are available to support development at urban densities in advance of / or concurrent with development.

POLICY H-1: Require residential development at urban densities to locate within urban growth areas consistent with the comprehensive plan.

POLICY H-4: Apply consistent standards in residential development to preserve residential character.

POLICY H-6: Require the construction of sound, safe, and sanitary dwelling units.

POLICY H-12: Development standards must address efficient transportation networks and multi-modal opportunities for new development requiring the extension of existing streets into and through developments and the provision of sidewalks and trails for non-motorized modes of transportation.

POLICY H-13: New residential development in the urban growth area must be concurrently served by a full range of urban governmental services.

POLICY H-24: Ensure that new developments provide adequate street illumination.

UTILITIES

GOAL 1: Facilitate the development of all utilities at the appropriate levels of service to accommodate growth that is anticipated to occur in the area, in a fair and timely manner.

POLICY UT 2: A full range of urban services shall be provided within the entire urban growth area by promoting utility extensions to those areas needing urban services.

POLICY UT 3: Encourage development of vacant properties adjacent to established utility systems, according to the appropriate zoning classification and/or land use designation.

POLICY UT 4: Ensure that development take into account the timely provision of adequate and efficient utility systems.

POLICY UT 5: The cost of on-site utility improvements or site preparation for developments, such as surface drainage, utilities, and water and sewer systems should be the responsibility of private enterprise.

POLICY UT 7: Facilitate the provision of urban services to all areas in the urban growth area by sizing and locating new services that will efficiently accommodate future service extensions.

POLICY UT 10: Require the under-grounding of utility wires, where feasible.

GOAL 4: Provide sewer service for the East Wenatchee Urban Growth Area.

GOAL 5: Provide an efficient surface and stormwater management system that serves community residences and business in a manner that makes efficient use of limited resources and minimizes damage to public and private property from flooding events.

POLICY UT 23: Design, construct, and maintain stormwater facilities in a manner that minimizes their impact on adjacent neighborhoods and business.

POLICY UT 25: Require new developments locate required stormwater management facilities on-site unless a regional facility benefiting drainage has been constructed with sufficient excess capacity to serve the development.

POLICY UT 29: Stormwater facilities and infrastructure shall be of a type, nature and location to facilitate ease of access for required inspection, maintenance and operation. Stormwater facilities shall be located on a separate tract, where feasible overflow and access is provided from a county or city right-of-way.

TRANSPORTATION

GOAL: Provide a balanced transportation system that meets the needs of the community by accommodating the movement of people, goods, and services at an optimum level of safety, economy and efficiency.

GOAL: Ensure adequate and safe access to property via a system of public and private roads.

POLICY T-6: As public and private development occurs, ensure that transportation system improvements have adequate streets, sidewalks and walkways; and are consistent with the transportation and adopted system design.

POLICY T-7: Ensure that current and future developments provide proper, adequate and safe access to the transportation system and facilities.

- Provision for adequate parking must be included for all development
- Natural and artificial landscaping should be considered in the design of system facilities
- Traffic calming techniques should be required when there are conflicts between transportation modes.

POLICY T-8: Facilitate mobility for all residents within the Greater East Wenatchee Area; including the elderly and persons with disabilities by providing accessible transportation facilities.

POLICY T-16: Design transportation facilities within the Greater East Wenatchee Area that minimize adverse environmental impacts resulting from both their construction and use.

POLICY T-17: Economic and residential growth decisions should be tied to the ability of the existing transportation system to accommodate the increased demand, or new transportation facilities should be provided concurrently with the proposed development.

POLICY T-18: Allow land use changes only when proposals are consistent with the adopted transportation level of service standards of the comprehensive plan.

POLICY T-19: Control the location and spacing of driveways and encourage the development of shared driveways.

POLICY T-23: Institute financing measures for major circulation elements that fairly distribute the cost between private property owners and the public sector.

POLICY T-24: All road construction projects shall be designed and constructed in compliance with locally adopted stormwater management standards.

POLICY T-26: Encourage public transportation-compatible infill development on bypassed vacant parcels in developed areas adjacent to bus routes and stops.

POLICY T-27: All transit related decisions such as roadway access, projects, and pedestrian linkages shall be consistent with the current adopted LINK service area policies.

POLICY T-34: Development shall provide improvements adjacent to their development in accordance with adopted design standards and approved traffic studies. Where deficiencies are present, these issues would have to be addressed prior to development occurring in order to protect the public's health, safety and general welfare consistent with the policies of the comprehensive plan, standard engineering principals, and adopted standards. Improvements necessary to maintain adopted levels of service shall be in place at the time of development, or a financial commitment agreed to by the city or county and the applicant must be in place to complete the improvements or strategies within six years.

POLICY T-40: Encourage physical activity by providing alternative modes of transportation with more pedestrian and bicycle friendly street standards.

ENVIRONMENTAL REVIEW

Douglas County issued a Determination of Non-Significance on 07/31/2025 in accordance with WAC 197-11-355 (Optional DNS).

PROJECT ANALYSIS

In review of this proposal it is important to consider the goals and policies of the comprehensive plan, applicable county code, public and agency comments, any identified environmental concerns and state and federal requirements. Identified below is planning staff's analysis and consistency review for the subject application.

Comprehensive plan consistency:

The proposal is supported by multiple goals and policies found within the Greater East Wenatchee Area Comprehensive Plan, as identified above.

Consistency with the provisions of Title 17, "Subdivisions", Douglas County Code.

As conditioned, the proposed subdivision is consistent with the provision of this title.

Consistency with the provisions of the R-L Zoning District, DCC 18A.24:

The subdivision will meet all applicable development standards of the Residential Low Density zoning district including but not limited to minimum lot size, lot width, and lot depth.

As conditioned, the proposal is consistent with the provisions of this chapter.

Consistency with the provisions of *Lot Frontage*, Section 18A.72.210, EWMC as adopted by Douglas County:

Residential lots shall have not less than 40 feet of frontage on a public or private roadway, except when located within a cul-de-sac or when the lot is accessed from a joint-use driveway or access easement meeting the requirements of Chapters 12.50 through 12.60 EWMC, comprehensive street standards, and any amendments. A minimum of 20 feet of contiguous frontage is required for lots located on a cul-de-sac (road right-of-way) and lots located on the outside of a road curve with a radius between 50 and 75 feet.

As conditioned, the proposal is consistent with the provisions of this chapter.

Consistency with the provisions of *Open Space Standards*, Chapter 18A.73, EWMC, adopted by Douglas County:

RCW 58.17.110 requires that local governments make appropriate provision for the establishment of parks, open space and recreational areas at the time it considers approval of a proposed subdivision. The Greater East Wenatchee Area Comprehensive Plan and DCC 18A.73 establish the level of service and standards in order to mitigate any adverse impacts of new development on neighborhoods without adequate parks, open space and recreational facilities.

Per DCC 18A.73, the application triggers the requirement to provide open space/ recreational areas. The original Mott subdivision included a tract (Tract B) specifically for the purpose of providing open space/ recreation to satisfy the requirements of DCC 18A.73. This plat amendment application proposes to remove the open space/ recreation tract that was originally proposed with the Mott subdivision (P-2022-01). Instead, the applicant has elected to provide a payment in lieu of open space/ recreation in accordance with DCC 18A.73.090. Prior to approving the final plat, the applicant will be required to provide applicable payment in accordance with DCC 18A.73.090.

As conditioned, the proposal is consistent with the provisions of this chapter.

Consistency with the provisions of DCC Chapter 20.34, *Stormwater Drainage*

As conditioned, the proposal is consistent with the provisions of this chapter.

Consistency with the provisions of DCC Title 12 *Road Standards*

As conditioned, the proposal is consistent with the provisions of this chapter.

RECOMMENDATION

As conditioned below, this application does not appear to be detrimental to the general public health, safety or welfare and meets the basic intent and criteria associated with Title 17, 18A, 19 and 20 of the Douglas County Code and the Greater East Wenatchee Area Comprehensive Plan.
